

Golden Ticket

Dear Parent,

Congratulations on your golden opportunity!

Thank you for taking this important step towards your child's educational future. By expressing interest in EDUCA, you've demonstrated your commitment to providing them with an exceptional learning journey. We are delighted to welcome you to our community and honoured by your trust in our educational approach.

The Golden Ticket you've received is far more than a €1000 discount – it's your child's passport to an innovative educational experience. At EDUCA, we believe learning should be an exciting quest for knowledge, one that inspires curiosity, nurtures talents and builds the critical skills needed for tomorrow's world. Inspired by Finnish educational excellence, our curriculum balances academic rigour with creativity, well-being, and personal growth.

As we reimagine what education can be, your partnership with us becomes invaluable. Together, we will shape your child's future through personalised learning pathways, expert guidance and a supportive community that celebrates each step of their unique journey. Your decision to join EDUCA demonstrates foresight and vision for your child's development.

To redeem your €1000 Golden Ticket discount, simply present this letter when finalising your enrolment agreement. This special offer recognises your early commitment to our educational philosophy and welcomes you as founding members of our school community.

We look forward to beginning this quest for knowledge with your family.

Warmest regards,

Dr Lana Belic
Principal
